

ALBERTA ATHLETIC THERAPISTS ASSOCIATION

Dear Members,

I have now been the Education Chairperson for two years and am looking forward to the year approaching as we are hoping to offer our membership loads of opportunity to learn!

We were able to host the Bands, Balls and Balance course which had been postponed. In addition we have hosted two CPR-HCP re-certifications and a very successful certification prep course for our candidates. Upcoming courses in Alberta will be taught by Anne Hartley, Laura Leslie and others.

I am happy to welcome Nicole Ainsworth and Chris Davie as committee members. With their help we are hoping to expand our ability to host courses, bringing some north to Edmonton and maybe even central to Red Deer.

I encourage any member with ideas for possible courses or other learning opportunities to contact me. We would like to expand from our current “go-to” courses and build relationships with educators across Canada. Feel free to email me at educationchair@aata.ca with any inquiries.

Respectfully Yours,
Danielle Larsen
Education Chair AATA
